Author's Notes:
Implied Mike/Tré.

I stare through this glass, stare through this liquid. Elixir.

I stir, I make a little whirlpool, everything spins. What I can see through my drink, blurred into movement and fluidity. But I can still see you. You two. Pressed so close against that wall, you both seem like one person. I see your lips devour his, and it doesn't really feel like an illusion.

I knock back that vodka. Crystal clear holy water that burns all the way down. It burns so fuckin' well.

I bite the inside of my cheek to keep the scream from your precious ears.
